2 INTRODUCTION

This manual serves as a reference for Honors Academy of Literature regarding the topic of English Language Learners.

2.1 PURPOSE

The purpose of the EL Policy and Plan is to define procedures and specify program elements that provide English language acquisition for all English Learners at a level that ensures equal participation in all education programs. An effective policy, plan, and program, ensures the mastery of English literacy skills to meet all requirements for high school graduation.

2.2 PHILOSOPHY

Students have access to diverse and contemporary quality children's literature across academic content areas. Faculty, staff and parents work together to empower students through a heavy focus on children's literature that incorporates messages of equality and values diversity and creates opportunities for students to do community projects based on their continuing understanding of social justice. There is daily use of evidence-based practices during instruction, and children's literature is the main mode and approach to teaching all content while incorporating other research-based strategies and differentiating for students' needs.

English Learner Policy and Plan: 2025 - 2026

Page 4 of 20

Teachers and students use reading, writing, and studying children's literature as a vehicle to increase engagement and intrinsic motivation toward learning and achievement. The Honors Academy of Literature develops leaders by involving the students in decision making throughout the day, and involving teachers, students, parents, and professional community members as partners in the learning process.

The Honors Academy of Literature is a unique learning environment throughout the school where reading and writing are valued, authentically practiced, discussed, shared, and encouraged daily. There are regular opportunities for professionals in the field of Children's Literature to have a presence in the academy adding to the school culture through learning opportunities for both students and staff. We move beyond a balanced approach to literacy to a balanced approach to education—incorporating performance-based progress monitoring assessments and instruction with a rich learning environment that encourages critical thinking and asks students to take responsibility for their own learning.

- English Language Proficiency: The level of competence at which an individual can use language for both basic communicative tasks and academic purposes.
- English Language Proficiency Assessment (ELPA): English Language Proficiency Assessment- umbrella term used by the Nevada Title III Office to identify the annual English language proficiency assessment given to English language learners. Currently the ELPA assessment in Nevada is the WIDA ACCESS.
- Every Student Succeeds Act (ESSA): is the federal K-12 education law of the United States. ESSA was signed into law in 2015 and replaced the previous education law called "No Child Left Behind." It is a reauthorization of the Elementary and Secondary Education Act (ESEA) of 1965.

- Model of Instruction (MOI): The LIEP is based on choosing an appropriate Model of Instruction (MOI) for each student. A list of models that may be used in the state of Nevada from the NDE is found on the document titled [Language Instruction Educational Program \(LIEP\) Models in Nevada](#). One model of instruction should be selected for each student and when entered in Infinite Campus, the appropriate code should be entered from the list.

3 THE EL BILL OF RIGHTS

[Assembly Bill \(AB\) 195 from the 2021 legislative session](#) requires information sharing by charter schools. This bill is also referred to as the "English Learner Bill of Rights". The full text of this legal requirement may be viewed by clicking the link in section 2.2 Legal Requirements, or section 6 of this manual that provides a summary of all links. As a result of this bill, schools must:

1. Provide parents of English Learners with a copy of the "English Learner Pupil and Parent Rights" and post the document to the school website.
 - a. This information should be provided in English and in the parent's primary language upon enrollment or identification as an English learner. For students who did not receive this documentation at the time of

enrollment or identification as an English learner, provide this documentation as soon as possible. When posted to the website, it should be posted in as many languages as possible, and at minimum, all the languages provided by NDE. These documents may be downloaded from <https://spsca.instructure.com/courses/42/modules/items/537> in multiple languages.

2. Post information to the school's website regarding the use of Title III funds.
 - a. Schools must post to the website (and update annually), Post to your school's website (and update annually), information related to the way the school has used funds received pursuant to Title III of the Every Student Succeeds Act (ESSA) of 2015. This information must be organized into categories of programs and services that the funds were used for, including the engagement of parents and families.
3. Include the following items in the school's EL Policy and Plan:
 - a. Provisions for the identification of the primary language of each pupil enrolled in the school district at the beginning of each school year to assist in the identification of pupils who are English learners
 - b. Provisions that ensure English learner students remain in a program for English learners until the pupil obtains language proficiency based on an appropriate assessment for pupils who are English learners, unless the parent or legal guardian of the pupil declines for the student to remain placed in a program for English learners.
4. A variety of data collection requirements are included as a part of the EL Bill of Rights. Schools must maintain accurate records in Infinite Campus at all times so that data is readily available when requested from SPCSA or NDE.

4 IDENTIFICATION OF ENGLISH LEARNER (EL) STUDENTS

All public schools are required to identify English Learner (EL) Students. Identification and Placement information can be found on the [Nevada WIDA site](#) in the "[Nevada English Language Learner Identification and Placement Guidance Document](#)" regarding identification and placement procedures.

4.1 HOME LANGUAGE SURVEY

Nevada requires a Home Language Survey (HLS) to be administered upon initial registration to all students [SBE3(a)(i), OCR & DOJ-Title VI 1964 and EEOA 1974, ESSA 3113(b)(2), NRS388.407(2)(a)].

The HLS may be issued online or by paper form. The results of the HLS should be recorded in Infinite Campus.

A template HLS is available at: <https://spsca.instructure.com/courses/42/modules/items/969>

The HLS must include three basic questions to determine:

1. The native or first language of the child.
2. The language(s) spoken at home.
3. The language(s) used when speaking with peers.

If a language other than English is indicated for any of the questions on the HLS, the child must be screened to determine EL status.

At our school, the HLS is issued online as part of the initial registration. The Office Manager is responsible for entering the results of the HLS into the student records in Infinite Campus. All three languages should be entered for any student who has listed at least one language that is not English in any of the three fields. A student who requires screening should have "Pending" placed in Infinite Campus for their EL status by the Office Manager until they have taken the screener.

Honors Academy of Literature

Rev. November 20, 2025

English Learner Policy and Plan: 2025 - 2026

Page 9 of 20

4.2 PRIOR SCHOOL RECORDS

One component of screening is prior school records. If a student has indicated a language other than English on the HLS and records from a student's previous school indicate an EL designation, the student should continue as EL if the student did not exit EL status at their previous school. Students who are continuing as EL from a previous school should not take the screener, they should be designated as EL.

If a student has indicated a language other than English on the HLS but records indicate that the student has exited EL with proper test scores, the student should not take the screener. They should be designated as a former EL as it is required to monitor former EL students for four years after exiting EL status. Students who have been exited for more than 4 years do not need to be monitored.

4.3 SCREENING ASSESSMENT

Students who were identified as speaking a language other than English by the HLS, must take the K-12 WIDA Screener to determine if they should be designated as an EL student.

The screener will be administered at our school by the EL Coordinator.

4.4 PLACEMENT AND OPT OUT

Upon completion of the screening assessment, students should be designated as EL students according to the "Identification/Placement Criteria" found on the Nevada WIDA website, in the document called "[Nevada English Language Learner Identification and Placement](#)". Placement criteria is determined by NDE.

Upon completion of the screening assessment, the EL status in Infinite Campus should be updated from "Pending" to reflect the status of the student.

- If a student is eligible for services based on the screening assessment, the Office Manager will enter the student's EL Program status in Infinite Campus as EL and enter the "Identified Date".
- If a student is not eligible for services based on the screening assessment, the Office Manager will enter the student's EL Program status in Infinite Campus as "Not EL" and enter the "Identified Date".

All EL students are entitled to services. However, parents may choose to opt their children out of a school district's EL program or out of particular EL services within an EL program. Per the [EL DCL Fact Sheet](#) from the United States Department of Education (USED):

- School districts may not recommend that parents opt out for any reason. Parents are entitled to guidance in a language that they can understand about their child's rights, the range of EL services that their child could receive, and the benefits of such services. School districts should appropriately document that the parent made a voluntary, informed decision to opt their child out.
- A school district must still take steps to provide opted-out EL students with access to its educational programs, monitor their progress, and offer EL services again if a student is struggling.

At our school, if a parent chooses to opt out, the Office Manager will update the EL status in Infinite Campus to reflect that the parent has chosen to opt the student out from services.

4.5 SCREENING, PLACEMENT, AND EXIT, RECORDS

Accurate records of screening, placement, and exit, for EL students must be maintained in Infinite Campus. NDE hosted several data workshops in May 2021 regarding best practices for data entry. It is highly recommended that schools view the recordings so that data is entered correctly, as these data workshops demonstrate how to enter all data that is required by NDE. A link to the recordings and the data workshop files are available using the links below.

- [NDE EL Data Workshop Recordings](#)
- [NDE EL Data Workshop Zip Files](#)

EL student records in Infinite Campus will be reviewed and updated on an ongoing basis. At our school, the Office Manager is responsible for checking and entering/updating the following records for EL students in Infinite Campus:

1. Birth Country (should be entered for all students at the school regardless of EL status)
2. Date entered US (should be entered for all students regardless of EL status if the birth country is not the US)
3. Date entered US School (should be entered for all students regardless of EL status if the birth country is not the US)
4. First Language, Home Language, Language with Friends (should be entered for any student who identified a language other than English on the HLS in any field. All three items should be entered on the for these students even if some of the languages are specified as English)
5. EL Program Status (Pending, EL, Not EL, Exited EL-Reg, Exited EL-Alt)
6. Identified date (entered after the initial date that the student is deemed eligible by WIDA screener scores)
7. Exit date (entered after the student has received a proficient score on WIDA or is able to exit by Alternate criteria)
8. Parent Notified (should be updated annually when annual notifications are sent)
9. Parent declined (if the parent declines services check the box and enter the date)
10. EL Assessments (Most recent scores should be entered)
11. EL Services (A model of instruction should be selected for each student as this information is required by NDE and USED for the LIEP. Only one should be selected per student, and the start date should be the date of enrollment for the current school year. Refer to the [Language Instruction Educational Program \(LIEP\) Models in Nevada](#) document for the appropriate coding of the program(s) used at your school.)

5 ASSESSMENT

Once students have been screened and they are designated as EL students, a variety of assessments should be used that provide for the periodic reassessment of English proficiency and applicable content assessments of each EL qualified student.

5.1 STATE ASSESSMENTS

5.1.1 Placement/Screener Assessment

Nevada uses the WIDA Screener (for Grades K-12) to identify English language learners (ELLs).

5.1.2 English Language Proficiency Assessment (ELPA)

5.1.2.1 *About the ELPA*

The ELPA for the state of Nevada is the WIDA ACCESS for ELLs. This is the summative assessment. ACCESS for ELLs Online must be given to all EL students who are enrolled during the annual testing window, which typically lasts from early January through early March. The applicable assessment is administered annually to monitor students' progress in acquiring academic English. All ELs enrolled during the testing window must be assessed with the WIDA ACCESS 2.0., Kindergarten ACCESS, or Alternate ACCESS.

- Students in grades K-12 who have been identified as ELs take the WIDA ACCESS.
- Students with IEPs who take the WIDA ACCESS should be provided appropriate testing accommodations consistent with the accommodations listed in the IEP that have been determined by the IEP team. Information from WIDA regarding accommodations can be found in the following documents:

Honors Academy of Literature

Rev. November 20, 2025

English Learner Policy and Plan: 2025 - 2026

Page 11 of 20

- [WIDA Accessibility and Accommodations Manual](#)
- [ACCESS Online Accommodations Checklist](#)
- [Kindergarten ACCESS Accommodations Checklist](#)
- [Alternate ACCESS Accommodations Checklist](#)
- The Alternate ACCESS for ELLs is designed to measure language proficiency of students with most significant cognitive disabilities per the students' Individual Education Plan (IEP). Students with Individualized Education Programs (IEPs) may take WIDA Alternate ACCESS per the decision of the student's IEP team. IEP teams should follow their state's specific alternate assessment participation criteria. For additional guidance, view the [Alternate ACCESS for ELLs Participation Criteria Decision Tree](#).

5.1.2.2 Administration and Scoring of the ELPA

The administration of the ELPA should be conducted per NDE Guidelines. The Testing Coordinator at each school is responsible for ensuring all procedures are followed per NDE adopted protocols. The ELPA is a high-stakes test requiring test security training and supervision by site administration, and it is required for irregularities to be reported per NDE guidelines. The WIDA The [ACCESS for ELLs Checklist](#) that is located on the [Nevada WIDA site](#) provides the guidelines that should be followed including:

- Procedures regarding how the test should be administered.
- Guidelines for what personnel should conduct each step of administration.
- Training courses that demonstrate how to administer the Online ACCESS, Alternate ACCESS for ELLs, Kindergarten ACCESS for ELLs.

The Kindergarten ACCESS and the WIDA Alternate ACCESS assessments are scored by the test administrator at the school. The Alternate ACCESS for ELLs: Administration and Scoring training course that is found on the ACCESS for ELLs Checklist includes important information about administering the Alternate ACCESS Field Test. All Alternate ACCESS Test administrators must complete the Alternate ACCESS For ELLs Administration and Scoring training course and pass the certification quiz. The Online ACCESS for grades 1 – 12 is scored by the testing company, DRC.

Upon receipt of the scores the school must:

- Enter results for all students in Infinite Campus
- Communicate with the student's parents/family members regarding test results.

At our school, WIDA scores are entered into Infinite Campus by the Office Manager. Notifications regarding test results are sent annually to parents/guardians manually by the EL Coordinator. The date of the notification is recorded in Infinite Campus by the Office Manager.

5.2 LOCAL ASSESSMENTS

In addition to state assessments, SPCSA schools conduct:

- Formal Interim assessments which are chosen at the school level which are relevant to the school's instructional programs.
- Informal assessments and evaluations which evaluate EL students' Academic Language Acquisition Progress are chosen at the school level and are relevant to the school's instructional programs.
- Classroom assessments that are chosen at the school level and are relevant to the school's instructional programs.

Our school uses the following assessments:

- Formal Interim Assessments:

Honors Academy of Literature

Rev. November 20, 2025

English Learner Policy and Plan: 2025 - 2026

- These are administered within the classroom by the regular ed. Classroom teacher as it is imbedded in the curriculum.
- QSI- Quarterly
- F&P- weekly reading assessment

6 EQUITABLE ACCESS

Schools should design programs that eliminate achievement gaps and ensure equitable access to educational programs. The use of data, leadership and staffing, research-based curriculum, and professional development all are components of designing a program that provides equitable access. Additionally, schools should work to reduce any barriers that would prevent any student from fully participating in the school.

6.1 USE OF DATA

6.1.1 Placement

Data from the WIDA Screener is used for designating EL students as described in section 4.4 of this manual. Additionally, per the [EL DCL Fact Sheet](#) from the United States Department of Education (USED), School districts generally may not segregate students on the basis of national origin or EL status. Although certain EL programs may be designed to require that EL students receive separate instruction for a limited portion of the day or period of time, school districts and states are expected to carry out their chosen program in the least segregative manner consistent with achieving the program’s stated educational goals.

6.1.2 Exit

The criteria for a student to exit from an EL program is specified by NDE and has been updated for the 2024 – 2025 school year. Beginning in 2024 – 2025, students may qualify for exit by receiving a qualifying score on WIDA or through an alternate pathway. Students should be exited as EL students according to the “Exit Criteria” found on the Nevada WIDA website, in the document called “[Nevada English Language Learner Identification and Placement](#)” in the section of the document titled “Identification and Placement.” When a student has met the criteria for exit, the exit date recorded in Infinite Campus should be the last day of student attendance for the school year in which the student received a qualifying score to exit. A notification letter should be sent to parents at the beginning of the following school year, that the student has been exited.

When a student qualifies for exit, the score and exit date will be entered into Infinite Campus by the Office Manager. The status will be updated in Infinite Campus to “Exited EL – REG” or “Exited EL – ALT” dependent on whether the student exited by regular WIDA scores or by the alternate pathway by the Office Manager. The notification letter will be sent to parents by the EL Coordinator, and the “Parent Notified” date in Infinite Campus will be updated to reflect the date that the parent was notified of exit at the beginning of the following school year.

6.1.3 Monitoring of Exited ELs

Exited ELs must be monitored per ESSA requirements and should be designated as Exited ELs in Infinite Campus. After 4 years monitoring is no longer required in Nevada. During the monitoring years, if the student is not making satisfactory academic progress on school level assessments including low scores on interim/benchmark assessments, D/F quarterly/semester grades, or other school assessments, then student needs should be assessed. If the results of the needs assessment show that the student is not making satisfactory progress because of a language barrier, the student should continue to receive EL services and a parent notification should be sent.

- Data will be collected through spreadsheets and docs on Google Drive; to be shared with scholars' immediate team.
- The EL Coordinator is responsible for tracking exited ELs until they move or graduate out of our program.
- Should further intervention become necessary as exited scholars progress, students will be monitored and pulled into more extensive intervention groups for major content areas until they show enough progress to revert to tier on instruction.
- The EL Coordinator will reissue a letter of eligibility and work with the regular ed teacher to ensure communication is sent via letter home.

6.1.4 Additional School Level Data

Our school collects and analyzes a variety of data. At our school, the following data will be analyzed to assist with determining the needs of students in our EL Program:

- Data from MAPs testing (specifically vocabulary and language strands)
- Data from iXL online platform
- Tier 1 curriculum
- LLI instruction
- Classroom assessment data
- Behavior/attendance data
- RTI data

- Our school will analyze data regarding our EL program using the following methods and procedures:
- Data from the afore mentioned data collections will be analyzed by the regular ed classroom teacher
- Data will be analyzed by the SPED teacher if the scholar qualifies for IEP services and EL services
- Data will be used to drive instruction and analyzed with the RTI team every six weeks

6.2 LEADERSHIP AND STAFFING

To eliminate achievement gaps and ensure equitable access to students, leadership and staffing are responsible for the implementation of an effective program.

At our school, each of the following positions perform duties essential to the EL Program. The name of the position and description of the duties relevant to the EL program are stated below:

- Principal- to oversee the EL Coordinator and finalize state reports
- EL Coordinator: Oversees the whole of the EL program including communication between school and home regarding screeners and testing, create and store data, support classroom teachers, coordinate and execute parent nights that include EL supports, administer WIDA screeners for each age group, administer ACCESS test for each age group, provide professional development for teachers and support staff as needed.

6.3 CURRICULUM

Schools within SPCSA have the autonomy to select their own curriculum. Schools should select a research-based selection of curricula that considers the language development needs of ELs for both Tier I instruction and for supplementary materials.

At our school, classroom teachers have the autonomy to choose the curriculum they use within their classrooms. These include but are not limited to Step Up To Writing, Do the Math, EnVisions Math, FOSS, OpenSci Ed., Heggerty for K-3, teaching through authentic literature, and more.

Schools should select Evidence Based Interventions (EBI). Evidence-based interventions (EBI) are practices or programs that have evidence to show that they are effective at producing results and improving outcomes when implemented. The kind of evidence described in ESSA has generally been produced through formal studies and research. Under ESSA, there are four tiers, or levels, of evidence:

- Tier/Level 1 – Strong Evidence: supported by one or more well-designed and well-implemented randomized control experimental studies.
- Tier/Level 2 – Moderate Evidence: supported by one or more well-designed and well-implemented quasi-experimental studies.
- Tier/Level 3 – Promising Evidence: supported by one or more well-designed and well-implemented correlational studies (with statistical controls for selection bias).
- Tier/Level 4 – Demonstrates a Rationale: practices that have a well-defined logic model or theory of action, are supported by research, and have some effort underway by an SEA, LEA, or outside research organization to determine their effectiveness.

Our school has implemented the following Evidence Based Interventions in our EL program:

- Leveled Literacy intervention (LLI)
 - ESSA EBI Level: Tier 1

PROFESSIONAL DEVELOPMENT

Goal 2 from the [Nevada Statewide Plan for the Improvement of Pupils \(STIP\)](#) is that “All students have effective educators.” To meet Goal 2, NDE has identified the following strategies:

- Equity: Ensure effective educators in low-performing schools.
- Access to Quality: Provide quality professional learning.
- Success: Decrease licensed educational personnel vacancies.
- Inclusivity: Serve students in the Least Restrictive Environment.
- Community: Increase candidates in the educator pipeline.
- Transparency: Engage in effective communication.

Nevada’s nine [Standards for Professional Development](#) are to be incorporated in the development, implementation, and evaluation of professional development trainings for educators employed by a school district or charter school. They should drive discussions and improvements focused on increasing educator effectiveness.

- **Learning Communities:** Professional learning that increases educator effectiveness and results for all students occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.
- **Leadership:** Professional learning that increases educator effectiveness and results for all students requires skillful leaders who develop capacity, advocate, and create support systems for professional learning.
- **Resources:** Professional learning that increases educator effectiveness and results for all students requires prioritizing, monitoring, and coordinating resources for educator learning.
- **Data:** Professional learning that increases educator effectiveness and results for all students uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.

- **Learning Designs:** Professional learning that increases educator effectiveness and results for all students integrates theories, research, and models of human learning to achieve its intended outcomes.
- **Implementation:** Professional learning that increases educator effectiveness and results for all students applies research on change and sustains support for implementation of professional learning for long-term change.
- **Outcomes:** Professional learning that increases educator effectiveness and results for all students aligns its outcomes with educator performance and student curriculum standards.
- **Equity:** Professional learning that increases educator effectiveness and results for all students focuses on equitable access, opportunities and outcomes with an emphasis on achievement and opportunity disparities between student groups.
- **Cultural Competency:** Professional learning that increases educator effectiveness and results for all students facilitates educator’s self-examination of their awareness, knowledge, skills, and actions that pertain to culture and how they can develop culturally responsive strategies to enrich educational experiences for all students.

Our school will address a variety of topics through professional development this year. These topics include:

- Art integration- using art concepts and strategies in alignment with content area standards to show understanding. This is a weekly PD every Thursday in alignment with Northern Nevada Arts where classroom teachers are part of an ongoing internship with artists in residence. Nevada PD standards: Resources, Learning Design, Outcomes, Implementation
- SEL with Second Step- Wrap around support for all students to learn to express themselves and self-regulate through strategies and learning to advocate for self and others. Nevada PD standards: Implementation, Outcomes, Equity, Cultural Competency
- Data Wise- Cooperating and planning to set personal educational goals to grow in teaching pedagogy. Nevada PD standards: Learning Communities, Data

6.4 OTHER EDUCATIONAL PROGRAMS FOR ELS

According to the [EL DCL Fact Sheet](#) from the US Department of Education (USED), English learner (EL) students constitute nine percent of all public school students and are enrolled in nearly three out of every four public schools. Under Title VI of the Civil Rights Act of 1964 (Title VI) and the Equal Educational Opportunities Act of 1974 (EEOA), public schools must ensure that EL students can participate meaningfully and equally in educational programs.

EL students must be provided meaningful access to all curricular and extracurricular programs. Per the fact sheet:

- EL students must have access to their grade-level curricula so that they can meet promotion and graduation requirements.
- EL students are entitled to an equal opportunity to participate in all programs, including pre-kindergarten, magnet, gifted and talented, career and technical education, arts, and athletics programs; Advanced Placement (AP) and International Baccalaureate (IB) courses; clubs; and honor societies.

At our school, EL students are offered intentional and data driven instruction from formative and summative assessments. Extra care is taken with EL students to provide appropriate level instruction and support. Through weekly reading and math assessment, small group support, and one on one meetings, students are given 100% of their instruction in the regular ed classroom.

To ensure that all students have an equal opportunity to participate in programs such as those listed above, teachers are committed to providing language supports including translated materials, online platforms that meet their language needs, and translators provided as requested for both student and family. Partnering students with peers who speak their same native language whenever possible helps students acclimate and feel even more supported in the classroom.

7 ENGLISH LEARNERS WITH DISABILITIES

According to the [EL DCL Fact Sheet](#) from USED there are also provisions for evaluating EL students for special education and providing dual services.

- EL students with disabilities must be provided both the language assistance and disability-related services to which they are entitled under Federal law.
- EL students who may have a disability, like all other students who may have a disability and may require services under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973, must be located, identified, and evaluated for special education and disability-related services in a timely manner.
- To avoid inappropriately identifying EL students as students with disabilities because of their limited English proficiency, EL students must be evaluated in an appropriate language based on the student’s needs and language skills.
- To ensure that an individualized plan for providing special education or disability related services addresses the language-related needs of an EL student with a disability, it is important that the team designing the plan include participants knowledgeable about that student’s language needs.

All schools are responsible for providing adequate supports to EL students with disabilities regarding language instruction and provide any disability related accommodation.

USED has developed an [English Learner Toolkit](#). Specifically, [Chapter 6: Tools and Resources for Addressing English Learners with Disabilities](#) provides a variety of resources for EL students with disabilities. From Chapter 6, the following set of tools is intended to help schools, LEAs, and SEAs in appropriately identifying and serving ELs with disabilities. The tools give examples of how schools can refer, assess, and identify ELs who may have a disability; how to write an IEP and select accommodations for ELs with disabilities; and how to compare data about EL students with disabilities from LEA to LEA.

- Tool #1, Referral, Identification, Assessment, and Service Delivery to ELs with Disabilities, includes recommendations about ELs with disabilities from states with large or rapidly growing EL student populations.
- Tool #2, Considering the Influence of Language Differences and Disability on Learning Behaviors, offers a matrix of learning behaviors organized by skill area (e.g., listening, speaking, reading, etc.) and the varying roles that language difference or disability can play in those behaviors.
- Tool #3, Developing an IEP for an English Learner with a Disability, is a list of questions to consider for ELs during the IEP-writing process.
- Tool #4, How to Use Data from the Office for Civil Rights’ Civil Rights Data Collection (CRDC), provides instructions about how to access EL data at the LEA level, including data about ELs with disabilities.
- Tool #5, Selecting Appropriate Accommodations for Students with Disabilities, offers a list of “dos” and “don’ts” related to choosing accommodations for students with disabilities.

EL students at our site will be offered detailed IEP goals and supports specific to their needs in both their learning disability and their language acquisition goals. These goals are pushed out to each of their teachers and our school site works hard to use similar language in content areas, behavior goals, and school norms to create the most seamless transitions and supports possible. All clubs and programs are available and supportive of language learners, special education, and students who find themselves in both categories. Our site offers two electives to students, one that is chosen by the scholar and two that are standard for all students: music and library. All of these electives are run by educators who follow IEP goals and EL strategies pertinent to the individual student.

8 PARENT COMMUNICATION AND PARTICIPATION

8.1 ENSURING MEANINGFUL COMMUNICATION WITH LIMITED ENGLISH PROFICIENT PARENTS

Per USED as documented on the [EL DCL Fact Sheet](#):

- LEP parents are entitled to meaningful communication in a language they can understand, such as through translated materials or a language interpreter, and to adequate notice of information about any program, service, or activity that is called to the attention of non-LEP parents.

Our school site uses an online platform called How's School Going. This website houses a dashboard that links nightly to Infinite Campus where grades, upcoming assignments, and progress reports are housed. How's School Going is multi-lingual and sends a personalized newsletter every Friday with progress, high stakes test explanations, alerts, information, and calendar schedules. Our small community also allows us to maintain a genuine open-door policy and connect with every family many times each week through special events including literacy night, goals setting meetings, scholar showcases, and Nevada history night.

8.2 PARENT NOTIFICATIONS

All required notifications are listed below. Document templates for each item are provided within "Appendix B: Forms and Documents" at the end of this manual.

- EL Bill of Rights Documents
- Home Language Survey
 - Note: The home language survey is provided during student registration and all families must complete this item.
- Initial Notification of Placement
- Annual Notification of Continued Placement
- Exit Letter
- Opt Out Form (for parents who choose to opt out of services)
- Reinstatement Form (for parents who have previously chosen to opt out of services but now would like them reinstated)

8.3 PARENT PARTICIPATION

Translators are available upon request. Bilingual staff are onsite.

Parents are always invited and welcome in our classrooms and at our many events. Regardless of language spoken, we work to provide an inclusive environment for our family events. We offer an array of opportunities to welcome families into community with us and one another. These include evenings like back-to-school pool party, movie nights, back to school open house, goal setting nights, scholar showcases (where students share their own portfolios with their families), student presentation events, award ceremonies, field trip chaperones, and more. Additionally, each Friday, our entire school walks to the park and spends an hour having lunch together, and parents regularly attend giving them the opportunity to meet one another and spend time with staff.
